

2022 PESTICIDE REGULATORY EDUCATION PROGRAM

Course	Dates & Locations	Target Audience	Course Goal	Nomination & Acceptance Dates
Comprehensive Combo	April 4–7 Fort Collins, CO	Both new and experienced staff who work under a FIFRA Cooperative Agreement.	To provide basic information on pesticide program structure, coordination, communication, and current issues related to federal, state, tribal, and territory pesticide regulatory programs.	Open: December 16, 2021 Close: January 20, 2022 Acceptance: February 3, 2022
Structural & Public Health Pests	June 13–16 Davis, CA*	Managers and experienced staff who work under a FIFRA Cooperative Agreement.	To enhance participants' ability to meet the present challenges of regulating pesticide use where humans live, work, and play. To increase knowledge about pests, vector-borne diseases, non-target exposure, and effective communication about the risks and benefits of pesticide use.	Open: February 24, 2022 Close: March 31, 2022 Acceptance: April 14, 2022
Risk Communication	August 1–4 Portland, OR*	New and experienced state, territory, and tribal program managers, supervisors, or staff who are (or may become) involved in frequent communications relating to potential pesticide risks to human health and the environment. Agency or tribal attendees must have an active cooperative agreement with the EPA.	To develop and refine risk communication skills addressing pesticide use and potential impacts to human health and the environment.	Open: April 18, 2022 Close: May 16, 2022 Acceptance: June 2, 2022
Senior Executive Program Management	September 27–29 Fort Collins, CO**	New and experienced senior-level state, territory, and tribal pesticide program managers with direct responsibility for the implementation of their agency's pesticide program.	To provide participants with an opportunity to acquire, strengthen, and share leadership and management skills, and to facilitate communication networks.	Open: June 9, 2022 Close: July 7, 2022 Acceptance: July 28, 2022

Funded by a FIFRA Cooperative Agreement with US EPA Office of Chemical Safety and Pollution Prevention and the Office of Enforcement and Compliance Assurance. Managed by Colorado State University under a cooperative agreement. <https://agsci.colostate.edu/agbio/prep/>

*One or more courses may be held online due to the pandemic.

** If we are unable to host this course in-person, then we will host an online Compliance & Enforcement course in its place. A decision will be made in May.
